COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

The following is the Applicants' Comments on the Statement of Reasons for Allowance provided in the Notice of Allowability mailed August 5, 2004. No fee is due for these Comments.

Remarks

These Comments are in reply to the Examiner's Statement of Reasons for Allowance attached to the Notice of Allowability mailed August 5, 2004. In the Notice of Allowability, it is stated in Paragraph 4 that the prior art reference Bowen fails to teach moving the agitator arm in a back and forth motion in and out of the cleaning solution. The Applicants want to clarify that Bowen fails to teach that the agitator arm is moved in a back and forth motion in and/or out of the cleaning solution. Bowen expressly teaches that the vibration unit is mechanically coupled to the vessel which holds the cleaning solution, whereby the vibration unit causes the volume of cleaning fluid to be vibrated and agitated to clean the eyeglasses. Therefore, the vibration unit in Bowen does not move the agitator arm in a back and forth motion, but instead vibrates the volume of cleaning fluid to clean the eyeglasses.

Respectfully submitted,

Date: 10/7/04
